

## **Tiree Gathering (*A'Bhuain*) 2016**

The *A'Bhuain* Committee in Tiree has come together again to plan and organize a Gathering on the island for the next meeting of the 'Children of the Barley', the descendants now scattered around the world of ancestors who emigrated from Tiree over the years. The event is set for **23-27 May 2016**. The first Gathering in 2006 was very successful and is still talked about by those who attended. The 2016 Gathering promises to be even better.

Details of the program will be published on this link as they become available.
